

Finkley Birthday Invitations

Thank you for downloading Finkley Down Farms Birthday Invitations.
Below on this email is multiple initiations in different colour styles.

Colour Options:

We have included several colour for you to choose from such as **Green**, **Blue**, **Orange**, **Pink**, **Purple** and **Red**.

How to Print:

1. Ensure you have this PDF open in Adobe Reader or Similar.
2. Choose the colour of invitation you want to use by scrolling down the page and finding its page number (shown in bottom left of screen) remember this for later.
3. Click File (located top right hand corner).
4. Then Click Print (this should open up a print dialogue box).
5. On the right hand side of the print dialogue box you will see a section called **Pages to Print** click the **Pages** option so the dot next to it has a black fill.
6. In the Pages field enter your desired page number (obtained from step 2)
7. After adding the single page number to the pages field you will need to choose how many copies you wish to print. (remember there are two invites per A4 page)

We recommend for best printing quality that you change your printer to use High Quality this may take longer to print and consume more ink but the finish will be greater.

We also recommend that you print on a thick card or paper this can be picked up relatively cheap in your local supermarkets or office supply store.

Problems:

If you are experiencing any problems with our Birthday Invitations please don't hesitate to contact us either directly on **01264 324141** or email
