

Square Seating Chart Template

To Use: Simply write out your guest's names in the spaces provided.

Leave the grayed out spaces in the corners blank.

The diagram shows a large square divided into a central square and four surrounding rectangular sections. The central square is labeled "Table No." with a horizontal line above the text. Each of the four surrounding rectangular sections is further divided into two smaller rectangles by a diagonal line. The corners of the large square are marked with gray squares.
